Dear Mr. Wiatr:

This is in response to your FOIL request of December 13, 2007.

I do not have copies of signed agreements regarding Dispatch service with the Town of New Hartford in my office.

In respect to your fax - I did not refuse to give you the documents you requested. I responded before my five day deadline and I am responding before my twenty day deadline with the information I have.

I asked if you needed the amounts paid because as I told you in my first letter, we are in the process of moving furniture, files etc. and I could have given you figures by checking our computer sooner instead of looking for files. I feel that was a fair question and I regret that you misunderstood it as a refusal.

Sincerely,

Helen N. Petruccione  
Village Clerk
