Subject: Hourly rate for CPA consulting on Town Budget

Earle,

Thank you for the opportunity to meet with you and your staff last week with regard to your need for accounting/consulting services.

I have reviewed the scenario with my office staff and keeping in mind our time constraints over the next three months and the services that you require, I believe that we can work out an agreement. Please consider this an informal proposal. Should you decide to accept this informal proposal, a standard engagement letter will be prepared for signature prior to the commencement of our services.

Our standard hourly rates, billed monthly, are as follows:

CPA/Senior accountant of the firm @ \$95.00 per hour;

CPA/President of the firm @ \$180.00 per hour;

Senior Accountant/staff accountant of the firm @ \$75.00 per hour;

I would be willing to provide the services, as follows, at a reduced rate:

CPA/Senior accountant @ \$80.00 per hour; (this staff person would provide most of the on-site management consulting services relative to the budget and general ledger);

CPA/President @ \$150.00 per hour; This, of course, would be the cost for my services, which would be limited to consultations with the Supervisor & board members, and also for time spent on decision making policies that would require my expertise.

Please let me know if this proposal is within your budget and time constraints.

Best regards, Frank
