**Re: Freedom of Information Law Request**

Dear Mr. Wiatr:

Please be advised that the documents you have requested total 76 pages as follows:

1. Agreement between New Hartford Central School District and New Hartford Employees Union dated July 1, 2005 thru June 30, 2007 together with a copy of the Board Resolution & Addendum: **45 pages**
2. Agreement between New Hartford Central School District and New Hartford Teachers Association – Administrative Group dated as of January 1, 2001 thru 2007 with addendums, if any, together with a copy of the Board Resolution and any addendum: **16 pages**
3. In regard to item number 3 of your request, we are unable to identify which document you are referring to insomuch as it appears identical to request number one. If you could be more specific we can make arrangements to provide the document.
4. Mr. Gilligan's contract with Board resolution: **15 pages**

Additionally, your request refers to "requested litigation documents". To the extent you are requesting litigation documents please identify them with reasonable specificity. These items may also be more easily accessible, subject to rules on confidentiality, at the Oneida County Clerk's office.

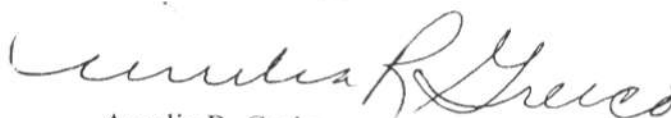

The documents requested are not in electronic form, are not deemed matters of overriding public interest, and are not matters where the District would retain an inventory copy. Certainly, if you have any authority to the contrary, we will review it.

Upon receipt of payment in the sum \$19.00 we will reproduce copies of the above documents for you. Notwithstanding your comments, we respect the provisions of law regarding reimbursement and have a duty to other taxpayers in the community to apply the rules uniformly and seek reasonable reimbursement for expenses incurred.

Please also note that all future requests for records should be forwarded directly to my attention as designated Records Access Officer; my direct fax number is listed above.

Sincerely,

New Hartford CSD

Aurelia R. Greico  
District Clerk/Records Access Officer
