New Hartford Business Park

History

- 1992 – GEIS – Seneca Tpk/Comm. Dr/MSR
- 1994 – Town Master Plan – Business Park Vision
- 1995 – Par Technology Park Feasibility Study
- 1998 – EIS – Town of New Hartford Business Park
- 1999 – Rezoning – Town of New Hartford Business Park
- 2002 – Woods Hwy Connector Link Study*
- 2006/2007 – New Hartford Business Park

*Study recommended improvements to Woods Road that are largely incorporated in this proposal.

Project Overview

- This TIF Proposal would dedicate a pro-rata portion of future PILOT revenues to the town from the project's phase I development to defray the town financing of the Woods Road Improvements.

- Phase I of the project consists of:
 - The Hartford Insurance project,
 - A planned 80 to 100 room “hotel” development, and
 - The Dr. Costello office building project.

Proposed PILOT Agreements – *The Hartford*

- OCIDA would enter into PILOT Agreements with Ryan Companies (developer/landlord for The Hartford) and two additional commercial development projects (Hotel development, and Office Building Project).
- Proposed PILOT Agreement for The Hartford: 15 Year PILOT Agreement:
 - Years 1-5: 33.3% of all taxes due and owed
 - Years 6-10: 66.7% of all taxes due and owed
 - Years 11-15: 100.0% of all taxes due and owed
- OCIDA has approved a 15 year PILOT to the Ryan Companies using standard PILOT schedule referenced above.

Proposed PILOT Agreements – *Hotel & Office Projects*

- Proposed PILOT Agreement for Hotel and the first planned office project: 15 Year PILOT Agreements
- PILOT Terms:
 - Years 1-15: 100% of all taxes due and owed to town and school district,
 - 15 Yr. PILOT schedule referenced above.
 - County portion of PILOT will be based on 485 B RPL Schedule as shown below

485 B Real Property Law											
	Yr.1	Yr. 2	Yr. 3	Yr. 4	Yr. 5	Yr. 6	Yr. 7	Yr. 8	Yr. 9	Yr. 10	After Yr. 10
Pct. (%)	50%	55%	60%	65%	70%	75%	80%	85%	90%	95%	100%

School and town do not participate in 485 B of the Real Property Law. County portion of PILOT for hotel/office building projects would be based on phase in of assessment pursuant to 485 B of the RPL.

PILOT schedule will be with building owners over 15 Yrs. PILOT schedule will be at 100% taxable status, except for County portion which will be based on the schedule allowed under 485B of the Real Property Law.

Proposed PILOT-TIF Allocation Model

- PILOT-TIF structure would take total PILOT Payments from all three-projects and divide them into two categories:

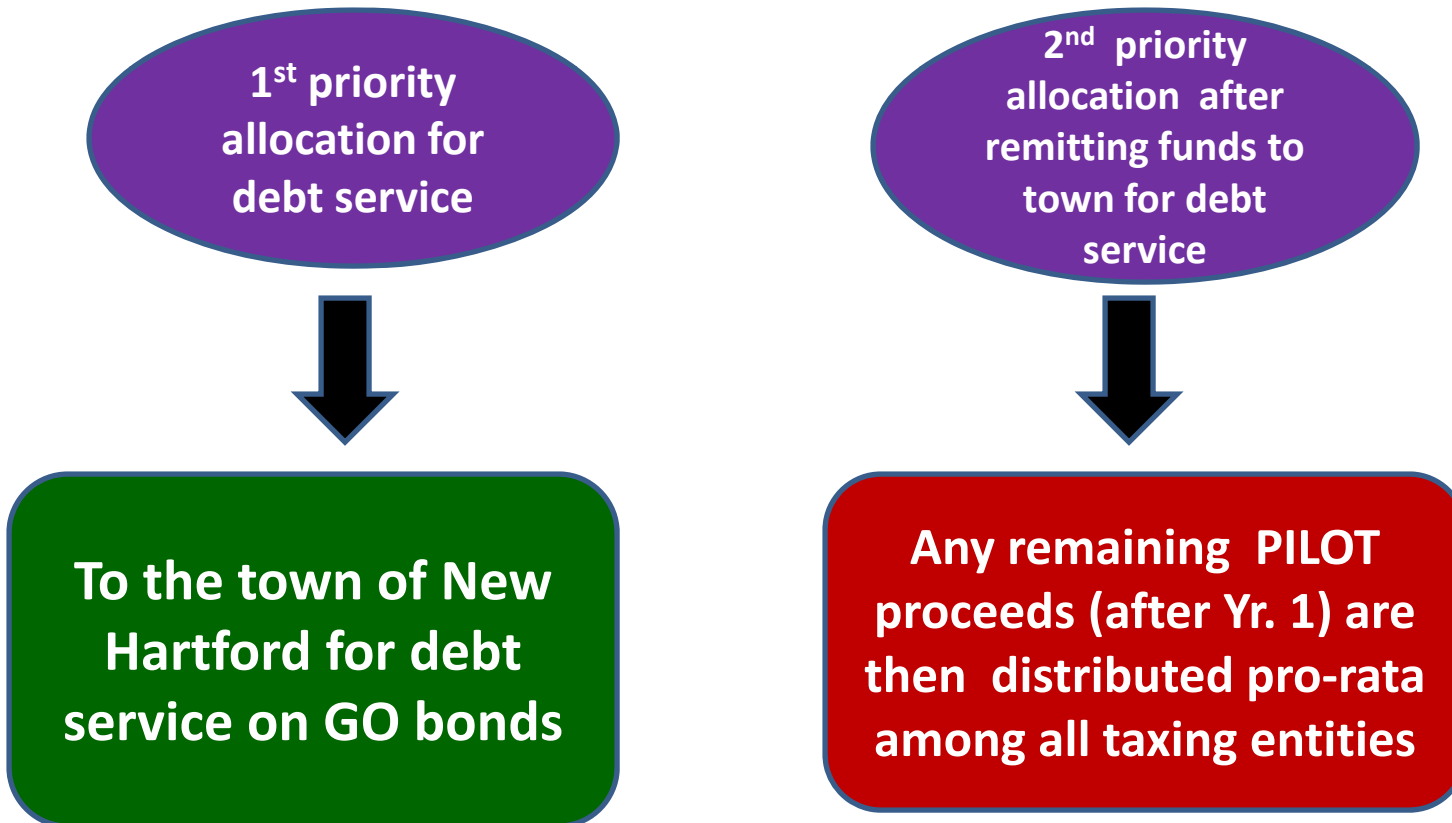

Amount remitted to the town as a dedicated revenue stream to defray financing costs for road improvements

Amount paid to taxing jurisdictions (per PILOT Allocation Agreement) after satisfying the town's debt service obligation on the GO Financing

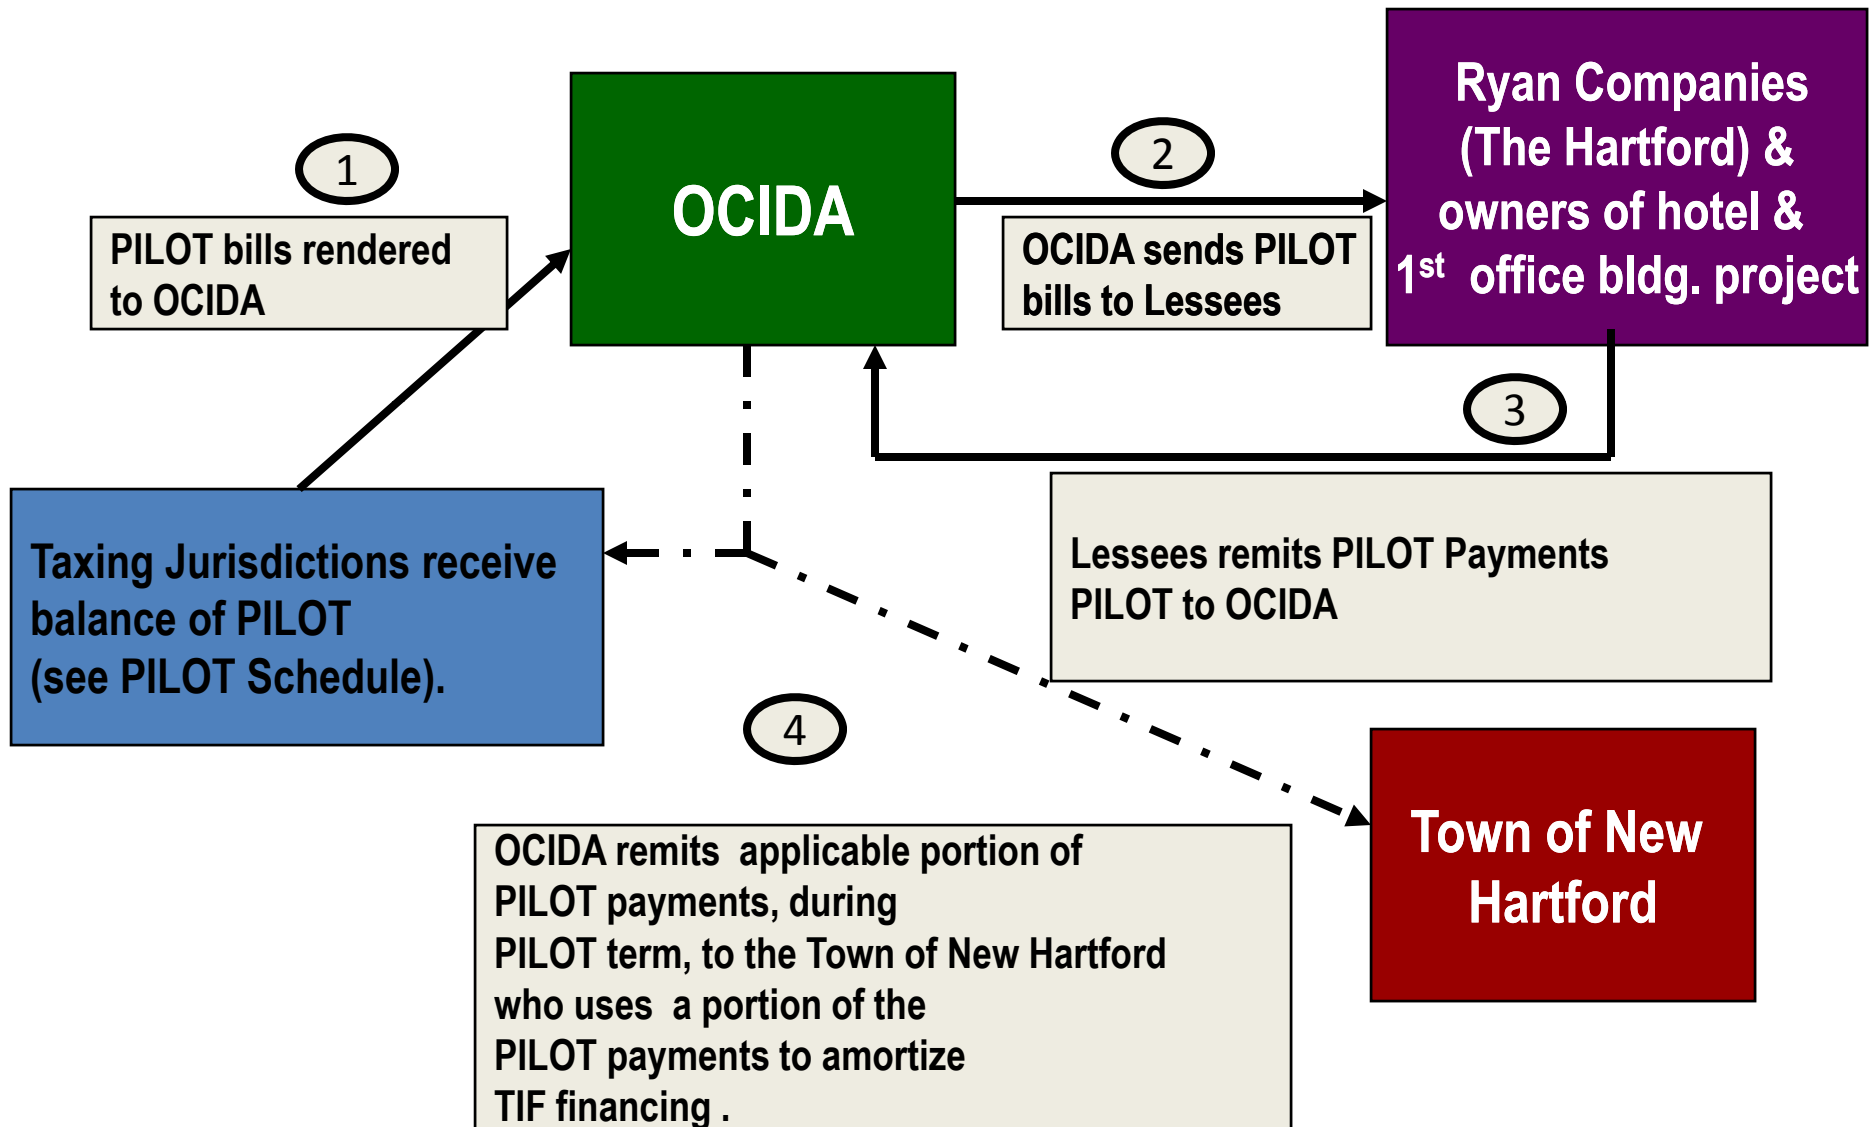

PILOTS can only be reallocated by entering into an agreement among the taxing jurisdictions and OCIDA.

Proposed PILOT-TIF Allocation Model

Proposed TIF would pro-rate PILOT proceeds from the 3 approved PILOT projects as follows:

PILOT – TIF Summary

Description	Total PILOT Over 15 Yrs.	Total Projected PILOT Remitted to Taxing Entities	Total Allocation for TIF Account	Total Annual Debt Service on \$2,900,000 G.O. Financing	Total Excess or Deficiency Over TIF Revenues to the town after paying G.O. Financing
School	\$3,771,842	\$ 908,624	\$2,863,218		
County	\$1,097,498	\$ 283,389	\$ 814,109		
Town	\$ 330,643	\$ 78,790	\$ 251,853		
Total	\$5,199,983	\$1,270,803	\$3,929,180	(\$3,935,989)	(\$6,810)

Over 15 years, model shows that town would net \$71,980 in excess PILOT Proceeds after allocating the TIF amount for debt service on the G.O.Financing.

Existing Conditions

New Hartford Business Park

Property Taxes on Vacant Land

Parcel	Size	Assessed Value	Approximate Total Taxes	Portion to School District
The Hartford	13.5 Acres	\$ 12,500	\$ 400	\$ 300
New Hartford Office Group	98.0 Acres	\$175,000	\$5,850	\$4,200

Summary

- PILOT-TIF is a powerful public financing tool to jump start this important regional economic development site.
 - The decision by The Hartford to retain and expand its insurance operations in New Hartford retains more than **689 jobs** with a **\$30.8 million** payroll, and provides opportunities for the company to relocate additional positions to its New Hartford facility.
- Over 15 years - The Hartford, hotel and first commercial office building – is expected to generate **\$3,929,180** in TIF proceeds to cover nearly all of the town's annual debt service obligations for improvements to Woods Road.
- For same period, these projects are projected to remit to the various taxing entities, **\$1,270,803** (net of the TIF allocation) under the PAA.
 - As vacant land, these three development parcels would realize only **\$1,363** in annual real property taxes.
- TIF proceeds will also expand the tax base within the town, and could generate:
 - **Over 5 Yrs. an additional \$ 1.97 million to \$4.44 million in tax receipts.**
 - **Over 10 Yrs. an additional \$7.23 million to \$11.85 million in tax receipts**
 - **Over 15 Yrs. an additional \$13.80 million to \$31.11 million in tax receipts**
